

“ I shall continue using this product for the rest of my life ”

scientifically researched ingredients for healthy and strong skin, hair, nails and connective tissue

beauty from the inside out

Qsilica Colloidal Silica, Australia's secret to help promote strong skin, hair, nails and connective tissue is now available from Harrods Pharmacy

Q Why is the mineral silicon so important?

Silicon gives structure to living things in the plant and animal kingdoms. Perhaps the most important role of silicon is the production of collagen, essential for healthy and strong skin, hair and nails. Silicon also appears to play a role in calcium absorption for healthy bone structure, teeth and connective tissue

Q What is Qsilica Colloidal Silica?

Qsilica Colloidal Silica from Planet Health contains microscopic particles of suspended silica (silicon) which are highly dispersed and may therefore be quickly and easily absorbed by the body to assist in providing available mineral silicon and help promote strong and healthy connective tissue, skin, hair, nails, bones & teeth

Q How do I know Qsilica will work for me?

“ I shall continue using this product for the rest of my life ” *Theresa Marshall, Auckland NZ*

I don't normally write to manufacturers about a product but I have been trying your Qsilica Gel for a month now and want to express how much this product has worked for me. I started off with short, weak nails that were continuously chipping and breaking and now my nails are so strong that I just can't stop marvelling at them. Also, my hair is noticeably stronger too. Last but not least, my skin is so much smoother and firmer – I stepped out today for the first time without makeup and a friend complimented me on my skin – she thought I had makeup on! I am in awe of this product and have been telling everyone about it....I shall continue using this product for the rest of my life. Thank you very much!!

“ my nails are lovely and strong ” *Anita Dyson, NSW Australia*

I just had to let you know how successful your Qsilica capsules have been for my nails. I had very weak nails and have tried a number of products over the years without any success. I am now into my 3rd box of Qsilica capsules and my nails are lovely and strong and I can't stop telling everyone how wonderful this product is. Thank you for putting this wonderful product on the market.

“ my hair is soft and lustrous ” *Christina West, NSW Australia*

I just wanted to share with you what a wonderful product your Qsilica capsules are. My hair was dull and lifeless. Since taking Qsilica my hair is soft and lustrous, my skin has a more even tone and my friends tell me I have a healthy glow. I have noticed a huge difference in the appearance of my hair and skin. This is a truly brilliant Australian product. I shall continue to use Qsilica to maintain my healthy hair, skin and nails. Thank you Planet Health for putting this great product on the market, you truly can see the visible results.
